Subject: RE: Continental Heat Treating Data

Mr. Francis –

Thank you for your response. In addition to the Spring 2015 groundwater data (when available), we request the November 2014 water level and water quality data. The files you provided in your May 1, 2015, email include May 2014 water level and water quality data but do not include the November 2014 data. The November 2014 data are available in a PDF file on the Water Board's Geotracker site, but we would prefer not to have to electronically re-enter the data.

Lynda:

Attached are the summarized Continental Heat Treating (ID No 204GW00, SCP No. 1057) data for the recent groundwater monitoring. The well details have not changed, so I did not resend that spreadsheet. Please call with any comments or questions (714) 256-2737. Thanks
